How It Works

Customers can place orders and complete payment on their own

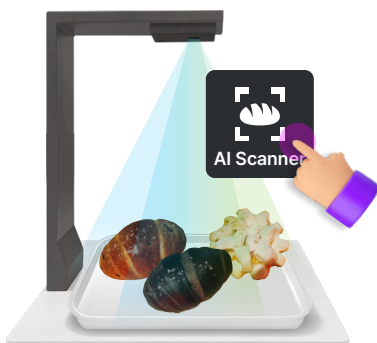

Now Faster and More Accurate The **AI Bakery Scanner** Handles the Checkout for You.

No need to memorize product names or prices for non-barcoded bakery items. **AI automatically** identifies and calculates everything.

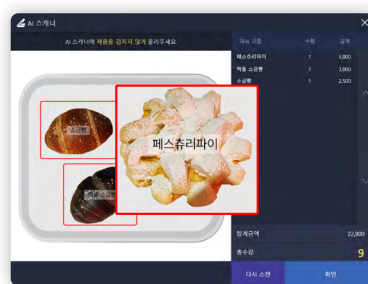

Faster Ordering Dramatically Reduces Customer Wait Times

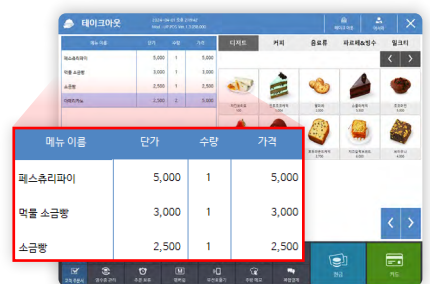

1

Place items on the scanner and tap "AI Scan."

2

AI automatically recognizes the items.

3

Within seconds, item types and quantities are instantly registered in the POS system.

Proven in Real Store Environments

From Large Café Bakeries to Small and Mid-Sized Cafés,
IMU AI Scanner Is Already in Use.
